

## Chapter 01: Aspects of Medical-Surgical Nursing

### Linton: Medical-Surgical Nursing, 8th Edition

---

#### MULTIPLE CHOICE

1. Which item in a medical record provides direction for individualized care and assures the delivery of accurate, safe care through a definitive pathway that promotes the client's and the support persons' progress toward positive outcomes?
  - a. Physician's orders
  - b. Progress notes
  - c. Nursing care plan
  - d. Client health history

ANS: C

The nursing care plan provides direction for individualized care and assures the delivery of accurate, safe care through a definitive pathway that promotes the client's and the support persons' progress toward positive outcomes.

DIF: Cognitive Level: Comprehension    OBJ: 1    TOP: Nursing Care Plan  
KEY: Nursing Process Step: Planning  
MSC: NCLEX: Physiological Integrity: Reduction of Risk

2. The nurse is performing behaviors and actions that assist clients and significant others in meeting their needs and the identified outcomes of the plan of care. Which term is correct for these nursing behaviors?
  - a. Assessments
  - b. Interventions
  - c. Planning
  - d. Evaluation

ANS: B

Caring interventions are those nursing behaviors and actions that assist clients and significant others in meeting their needs and the identified outcomes of the plan of care.

DIF: Cognitive Level: Knowledge    OBJ: 1    TOP: Interventions  
KEY: Nursing Process Step: Planning  
MSC: NCLEX: Physiological Integrity: Reduction of Risk

3. The nurse understands the importance of being answerable for all actions and the possibility of being called on to explain or justify them. Which term best describes this concept?
  - a. Reliability
  - b. Maturity
  - c. Accountability
  - d. Liability

ANS: C

Accountability means that a person is answerable for his or her actions and may be called on to explain or justify them.

DIF: Cognitive Level: Knowledge    OBJ: 1    TOP: Accountability

KEY: Nursing Process Step: N/A

MSC: NCLEX: Physiological Integrity: Reduction of Risk

## MULTIPLE RESPONSE

1. Which modes of conflict resolution should be addressed when providing an inservice about conflict resolution? (*Select all that apply.*)
  - a. Suppression
  - b. Accommodation
  - c. Compromise
  - d. Avoidance
  - e. Collaboration
  - f. Competition

ANS: B, C, D, E, F

The modes of conflict resolution include accommodation, collaboration, compromise, avoidance, and competition.

DIF: Cognitive Level: Knowledge

OBJ: 5

TOP: Conflict Resolution

KEY: Nursing Process Step: N/A

MSC: NCLEX: N/A

2. Which characteristics describe an effective leader? (*Select all that apply.*)
  - a. Effective communication
  - b. Rigid rules and regulations
  - c. Delegates appropriately
  - d. Acts as a role model
  - e. Consistently handles conflict
  - f. Focuses on individual development

ANS: A, C, D, E

DIF: Cognitive Level: Comprehension

OBJ: 5

TOP: Leadership

KEY: Nursing Process Step: N/A

MSC: NCLEX: N/A

## COMPLETION

1. \_\_\_\_\_ is defined as the process by which information is exchanged between individuals verbally, nonverbally, and/or in writing or through information technology.

ANS:

Communication

Communication is defined as the process by which information is exchanged between individuals verbally, nonverbally, and/or in writing or through information technology.

DIF: Cognitive Level: Knowledge  
KEY: Nursing Process Step: N/A

OBJ: 2  
MSC: NCLEX: N/A

TOP: Communication

2. \_\_\_\_\_ is the collection and processing of relevant data for the purpose of appraising the client's health status.

ANS:  
Assessment

Assessment is the collection and processing of relevant data for the purpose of appraising the client's health status.

DIF: Cognitive Level: Knowledge  
KEY: Nursing Process Step: N/A

OBJ: 1  
MSC: NCLEX: N/A

TOP: Assessment

3. \_\_\_\_\_ is concerned with the ethical questions that arise in the context of health care.

ANS:  
Bioethics

Bioethics is concerned with the ethical questions that arise in the context of health care.

DIF: Cognitive Level: Knowledge  
KEY: Nursing Process Step: N/A

OBJ: 3  
MSC: NCLEX: N/A

TOP: Bioethics
